MATERIAL SAFETY DATA SHEET

1. Product Identification

Product Name: RPS Paintballs

Description: Soft gelatin capsules containing colored liquid

Manufacturer’s Name: KEE Action Sports
11399 47th Street North
Clearwater, Florida 33762

Emergency Telephone Number: 1800-724-6822

2. Hazardous Ingredients

Hazardous Components: None

Materials contained in this product are classified as non-hazardous according to the definitions set forth in 29 CFR 1910.1200

3. Physical Data

Appearance: Spherical solid capsule containing colored liquid
Odor: Characteristic
Vapor Pressure: Low
Vapor Density: Not Determined
Boiling Point: Decomposes before boiling
Solubility in Water: Appreciable
Specific Gravity of Liquid: 1.12 – 1.15 @ 25/25° C
4. Fire and Explosion Hazards

Flash Point: > 232° C (450° F) PMCC
Autoignition Temperature: Not Determined
Flammability Limits: LEL: Not Determined
UEL: Not Determined
Extinguishing Media: Dry chemical, foam, or CO₂
Hazardous Combustion Products: Under fire conditions polymers decompose. The smoke may contain polymer fragments of varying compositions in addition to unidentified toxic and/or irritating compounds. Hazardous combustion products may include and are not limited to: carbon dioxide, carbon monoxide or nitrogen oxides.
Unusual Fire and Explosion Hazards: None known

5. Reactivity Hazards

Chemical Stability: Stable
Incompatibility: Avoid contact with strong acids and oxidizing materials.
Hazardous decomposition products: May include and are not limited to: aldehydes, ketones, organic acids, and polymer fragments.
Hazardous polymerization: Will not occur
Product is stable under normal use and storage conditions.

6. Health Hazards

Eye: May cause slight transient (temporary) eye irritation. Corneal injury is unlikely.
Skin: Prolonged or repeated exposure not likely to cause significant skin irritation. May cause more severe response if skin is abraded. A single prolonged exposure is not likely to result in material being absorbed through skin in harmful amounts. No allergic skin reactions are known to have occurred.
Ingestion: Single dose oral toxicity is considered to be extremely low. No Hazards anticipated from swallowing small amounts incidental to normal handling operations.
Inhalation: Not hazardous
Carcinogenity: NTP: no, IRAC: no, OSHA: no
Chronic Effects: None known
First Aid Procedures: Flush effected skin and eyes with plenty of water. Seek medical attention in case of ingestion, do not induce vomiting.
7. Spill Procedures

Protective equipment: Safety glasses
Spills: Solids and liquids may be swept or scooped up and placed in plastic or metal containers for disposal. Dispose of materials according to applicable federal, state and local regulations. Non-hazardous waste under RCRA regulations.

8. Handling and Special Precautions

Handling and storage: Product should be kept in original containers or other suitable containers and protected from excessive exposure to air, heat, and light.

9. Regulatory

SARA 313 Title III: Not regulated
TSCA: All ingredients are listed on the TSCA inventory.
DOT: Not Hazardous
OSHA: Not Hazardous
WHMIS Classification (Canada): Not a “Controlled Product”
